SkyRouter

Comprehensive Tracking Ecosystem

SkyRouter is the industry-leading fleet management and operation portal tracking thousands of assets in over 50 countries. Its intuitive, sophisticated and visually engaging cloud based real-time platform is accessible on any Android or iOS device.

SkyRouter works seamlessly with Blue Sky Network’s FAA- and STC-Certified product lineup through Iridium, GSM and GNSS backend technologies. As a Tier-1 Iridium partner, Blue Sky Network’s ecosystem leverages the Iridium global constellation of 66 low-earth orbit satellites to offer true global connectivity. For over a decade, we have proudly helped customers with any Aviation, Marine, Land and Mobile assets manage and track their moving fleets anywhere in the world to achieve safety and operational efficiency.

Real-Time Safety, Security, Operational Efficiency
