

Blue Sky Network

SkyLink ComCenter

**SKYLINK COMCENTER DELIVERS RESILIENT
EMERGENCY COMMUNICATIONS, ANYTIME
AND ANYWHERE**

Next-Generation Business Resiliency

SkyLink ComCenter by Blue Sky Network is a resilient emergency communications solution delivering uninterrupted voice and data connectivity during network and power grid disruptions.

This premier business continuity solution is powered by the advanced Iridium Certus satellite network to provide 2 HD satellite voice lines and a midband data service offering 88 Kbps download and 22 Kbps upload speeds.

For real-time situational awareness, SkyLink ComCenter enables users to send and receive messages and emails from a laptop or smart device via Wi-Fi. Automated SOS alerts transmit emergency messages to offsite corporate locations. Interface SkyLink ComCenter with a UPS for continuous communications during and after disruptive events.

FEATURES

- 2x HD analog voice lines
- Messaging & email communications
- Simple installation & easy to use
- Advanced local firewall
- Wi-Fi capable
- SOS switch for emergency reporting

SPECIFICATIONS

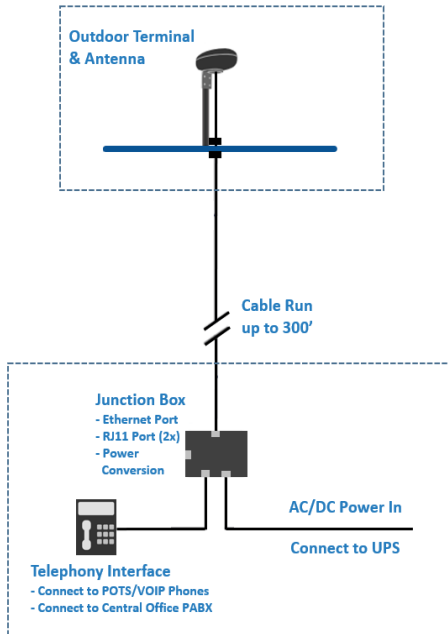

- Operating voltage: 10 - 34 VDC
- Power consumption: 7 watts nominal, 18 watts peak
- AC mains: 115/230VAC 50/60Hz to 24VDC; adapter provided
- Operating temp range: -40°C to +70°C
- Exposure: Outdoor (per IEC 60945)
- Size: 14.2 x 7.3 x 6.2 in. (36.1 x 18.5 x 15.7 cm)
- Weight: 3.8 lb. (1.7 kg)
